

LLAZA-SCREEN

www.PhuketAwnings.com

- A wide range of technical solar protection -

Llaza Screen is a range of protection systems which is ideal for both interior and exterior use. Our product range guarantees effective light control and opens up spaces to the exterior with no loss of privacy while offering designs that are attractive, modern and functional.

As well as being pleasing to the eye, Llaza screens offer benefits such as energy savings through the reduction of interior temperatures and protection from UV rays, and help to create more pleasant settings.

Effective light management

What does effective solar protection offer?

Controls and filters light coming from outside

Saves energy by reducing the interior temperature and making optimal use of use of heating and air-conditioning

Protects your privacy from the exterior: see without being seen

Opens interior spaces up visually to the exterior
